PACKING

2STANDARD PACKING KA/NOOS

Packing to be in regards to the environmental protection, limiting the use of poly bags as much as possible and should be estimated in accordance with the product

All packed individually in polybags, no master polybag must be used Price sticker with EAN code on each polybag, will as standard be put in bottom right corner Suffocation warning must be stamped on each individually polybag

If a Box is SKU clean, packed boxes must also be marked with a Price sticker showing EAN code and which style inside box. This sticker must be placed at the bottom right corner. A price sticker can be used.

Polybags must not exceed a thickness of 40 microns (0,04 mm) and should fit the product

All polybags must follow the guidelines found in the JACK & JONES logistic manual.

Please mark each box with BESTSELLER A/S, each carton must carry shipping marks w/barcodes on 2 sides of the carton. It is important that the size of the carton matches exactly with the size of the content. As a minimum standard we require double layered corrugated cardboard, cardboard and follow the standard found in the JACK & JONES logistic manual

Closing of the carton must be in accordance to the JACK & JONES logistic manual.

The maximum weight of each carton must not exceed 20 kg and the size of the boxes must follow the JACK & JONES logistic manual

It is of high importance that the actual delivered quantity corresponds exactly with the quantity ordered. For KEY ORDERS no over or under shipment can be accepted.

This order is of highest priority and must not be delayed.

Packing must be according to the JACK & JONES logistic manual. Updates can always be found at the JACK & JONES sourcing site.
